\* under normal conditions

## COREtec Plus® Is The Floor Without The Wave

Rigid plank technology eliminates ripples and waves caused by uneven subfloors.

T-Molding

Overlap Reducer

Stair Cap

Quarter Round

Baby Threshold

# The Patent–Pending\* Construction of COREtec Plus®

## Wear Layer (0.5 mm/20 mil)

- protects against excessive wear
- provides superior cleanability
- provides superior stain resistance
- rated for commercial traffic

## Luxury Vinyl Top Layer

- durable, resilient
- resists chips & dents
- virgin vinyl

## COREtec® Core Structure

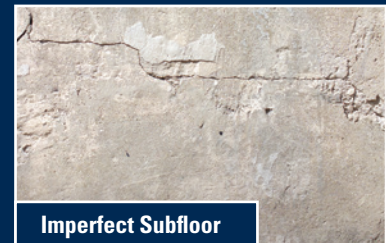

- extruded waterproof core
- stable – will not expand or contract under normal conditions
- glueless profile

## Attached Cork Underlayment

- provides added sound insulation
- no need for separate underlayment
- naturally resists mold & mildew
- absorbs subfloor imperfections

\* COREtec Plus® is a patent-pending product exclusively from USFloors Inc.

## Easily Installs Over Existing Hard Surface Floors

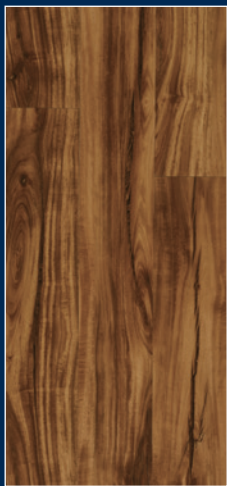

## MOLDINGS

Coordinating moldings are available for plank and tile decors in T-Mold, Overlap Reducer, Stair Cap, Quarter Round, and Baby Threshold profiles. See dealer for details.

COREtec XL:  
Montrose Oak

Nestled in the foothills of the Appalachian mountains, USFloors is the premier supplier of unique and sustainable floors. Founded in May 2001, with corporate facilities based in Dalton, GA, USFloors provides the widest assortment of bamboo, cork, oil finished hardwood, and COREtec Original LVT products. USFloors demonstrates its commitment to environmental responsibility by utilizing solar photovoltaic panels, installed on the roof of two facilities, to generate over 1/2 Megawatt of clean, renewable energy, making the USFloors one of Georgia's largest private solar energy producers. USFloors is a member of the U.S. Green Building Council.
