Features

They've done it in wood, but we're the first to do it in laminate—the luxurious look of mixed widths!

Part of the Provencal Collection, Left Bank is a hand-scraped, sophisticated visual introduced last year in 5.43" widths. It was so successful, we've added the narrower 3.66"-width to expand the fashion opportunities.

- Mix the widths, mix the colors
- Already popular and high-end—now creates even more of a designer wood look because it can be mixed
- Boxed in each width—separately—but can be used in a “designer mix” with both widths installed together
- To achieve the alternating width installation, order 60% of your total square footage in 5.43" width and 40% in 3.66" width

Left Bank replicates maple with dramatic light / dark contrasts and the earthy character of worm holes and scars. Mirrors the luxurious look of hand-hewn hardwood, with a light, hand-scraped texture that's natural, different, and upscale.

- Beveled edges
- 25-Year Limited Wear Warranty
- 5-Year Light Commercial Warranty
