Features

A great new option in resilient!

World's Fair makes a fabulous first impression with the desirable look of rustic, reclaimed barnwood. Its styling reflects 10 gorgeous wood species in current colors, creating design choices that range from contemporary to traditional. And the realism is impressive—some of the styles are embossed, and some offer the natural look of “limed” (or white-filled) color.

Choose from better and best in wear layers and warranties.
