

connection 4"

Experience a new level of wood-inspired LVP. Connection is a high performance luxury vinyl plank boasting a 20 mil wear layer and square edge construction. Featuring our exclusive ExoGuard quartz enhanced urethane finish, which protects against heavy commercial traffic and does not require polish to make maintenance simple and easy. The collection consists of a diverse range of ideal patterns and natural textures in 12 adaptable colors. High performance joins incredible value to create a go-to product for a variety of end use applications such as healthcare, student housing, corporate office and retail.
