ARTISTIC TIMBERS™ HARDWOOD

Weathered charm with artistic flair.

Like an artist's canvas, a beautiful hardwood floor can reflect your unique tastes and influences. **The Artistic Timbers™ TimberBrushed™ collection** highlights the beauty and artistic flair of hardwood for a striking, individualized style statement.

Our TimberBrushed™ hardwood is textured by gently removing the soft portion of the wood to expose the grain and bring enhanced definition to each plank. Beautiful knots and dramatic oak character marks further emphasize the depth and texture.

Artistic techniques like liming and deep etching add color effects with dimension – for a floor as beautiful as a work of art.
