SANDS IVORY

SANDS BROWN

Sands seduce... tonalità calde e variazioni cromatiche d'effetto si fondono in finiture ricercate. Quattro colori, grafiche selezionate ed eleganti venature, la rendono perfetta per il progetto di interni residenziali evoluti e spazi commerciali di tendenza.

Superfici naturali: la luce non riflessa avvolge gli spazi con una morbidezza che rende la materia irresistibile al tatto ed alla vista.

Superfici lappate: l'eleganza della texture e le differenze tra una lastra e l'altra enfatizzano il richiamo alla pietra naturale.

Sands, progetto multiformato e multigrafico, può essere posato a fuga ravvicinata grazie ai bordi rettificati o ai bordi conici (TR), valorizzando così grandi spazi abitativi nel segno della continuità visiva del prodotto ed esaltandone bellezza ed eleganza.

SANDS GREY

SANDS DARK

The seductive power of Sands... warm tones blend with sensational shading to create sophisticated finishes. Four colours, selected graphics and elegant veins, make it perfect for residential and commercial interior designs. Natural surfaces: unreflected light brings a soft glow to the room ...fingers and eyes find it irresistible. Semipolished surfaces: elegant texture and differences between one piece and the other heighten the recall to natural stones.

Sands, a multisizes and multigraphics project, can be fixed with very small joints due both to the rectified edges and to the conic shaped edges (TR), enhancing large living spaces and intensifying their beauty and elegance thanks to the deep sensation of visual continuity.

EDIMAX

Ivory... fine, dolce e protettiva
come la mia pelle... e come la mia
casa. La mia casa è la mia pelle.

SANDS IVORY

*Ivory... fine, soft, and protective
like my skin... and like my home.
My home is my skin.*

Dark...la notte è una parte di me,
quella meno conosciuta... intima
e volubile, nella notte trovo
spazi e momenti tutti miei.
